

1990 COUNTY BLOCK MAP (RECREATED): MADISON County

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

1 A place name ending in "MCD" indicates that the place is also a false MCD.

2 In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts. These maps show very small areas symbolized as a census tract with the census tract number shown near the area.

3 A "•" following a block number indicates that the block number is repeated elsewhere in the block.
